

DIA 2023 Global Annual Meeting | ILLUMINATE

The DIA 2023 Global Annual Meeting invites industry, regulatory government, academics, and patients to network, problem-solve, and discuss global and local challenges facing the life sciences community. Hosted in Boston, key C-Path personnel will be on-hand to discuss and view the many different perspectives offered at this event, while highlights expertise across the globe to reimagine current processes that better enhance health and well-being. You can click [here](#) to view a sneak peek of the event, and [here](#) to register.
